Visualize Your Website

1. What's held you back from creating your own website? How will you tackle these obstacles now?

2. What's your goal for creating this website?

3. How will the website help you achieve your goals?

4. What are some of your domain name ideas?

5. Which hosting company would you like to use?

Set Up Your Website

1. What username did you choose for your WordPress website?

2. Did you store your WordPress login information in a secure location?

3. What would you like to say about yourself on your about page?

4. Have you written your first post? If not, what topic would you like to write about?

5. Do you plan to add a store to your WordPress website? If so, what products will you sell?

Design & Protect Your Website

1. Will you choose a free or premium WordPress theme?

2. Which WordPress themes are you considering for your website?

3. Which plugins have you installed? How are you using them?

4. Did you remember to install a plugin to automatically backup your website?

5. Are you confident about managing your WordPress website in the future? Do you have additional questions about WordPress that you need answered?
